## **COMMAND YOUR DOMAIN**

At the heart of the Farmboss 550 is a powerhouse drivetrain built to perform. The high-torque 500cc liquid-cooled engine with Electronic Fuel Injection (EFI) starts reliably in any weather and delivers consistent power when you need it most.

Paired with a heavy-duty CVT transmission, you get smooth acceleration and straightforward operation with High and Low gear ratios.

- **Total Traction Control:** Seamlessly switch between 2WD and 4WD. When the terrain gets truly challenging, engage the front and rear differential locks with a simple push of a button to deliver equal power to all four wheels and conquer mud, snow, and steep inclines.

- **Hill Descent Control:** Navigate steep grades with confidence and control. The Farmboss manages your speed, letting you focus on steering.

### **ENGINEERED FOR THE REAL WORLD**

We know you need a machine that does more than just drive. The Farmboss 550 is designed for maximum utility and all-day comfort.

- **Haul More, Work Less:** The large, easy-to-use tipping utility tray can handle up to **250 kg (551 lbs)**, making short work of moving feed, tools, or materials. With an **820 lb towing capacity**, you have the confidence to pull heavy loads.
- **A Smoother Ride:** A fully independent front and rear dual A-arm suspension, combined with adjustable hydraulic damper airbag absorbers, soaks up ruts and rocks for a stable and comfortable ride, even with a full load.
- **Maneuver with Ease:** Standard Electric Power Steering (EPS) and an excellent turning circle allow for effortless handling in tight barns, dense woods, or cluttered work sites.
